

### Menu, Logged In

A1) Separator demarcates transactional features from non-transactional and public content pages.

### Welcome (Intro) Page with Memorized Account

B1) Editable intro text.

B2) Created Memorized Accounts are shown and emphasized as they streamline the login workflow.

B3) Menu always gets a unique treatment (light grey, #EFEFEF, here) to differentiate it by function from other pages with similar one column layouts (Account Summary, etc..)

B4) Localization toggle. Appears on public pages.

B5) Promotional region. FIs populate this region with text and/or HTML (including tags for appropriately sized images, etc.).

### Welcome (Intro) Page without Memorized Accounts

C1) Memorized Accounts are hidden if none have been created.
